Programs

International Student Programs

F-1 International Student Program

1. Opportunity to experience American culture
2. High-quality education through attending private and public schools and living with local host families.
3. We provide schools and host families throughout all of the states.
4. Private schools' advantages:
 - smaller classes
 - variety of AP classes, Honors classes
 - good sports/music programs
 - earn college credit (dual enrollment courses)

AnB Education is focusing on the academic and personal development of students.

J-1 Exchange High School Program

1. The U.S. Department of State administers the Exchange Visitor Program
2. AnB Education is a designated sponsor from DOS
3. Return with a greater understanding and appreciation of American culture and values
4. You can't choose which school and host family, but have the option to choose from a Semester program or a full academic year program.

AnB Education will help exchange students to immerse in American daily life through local public high schools and host families.

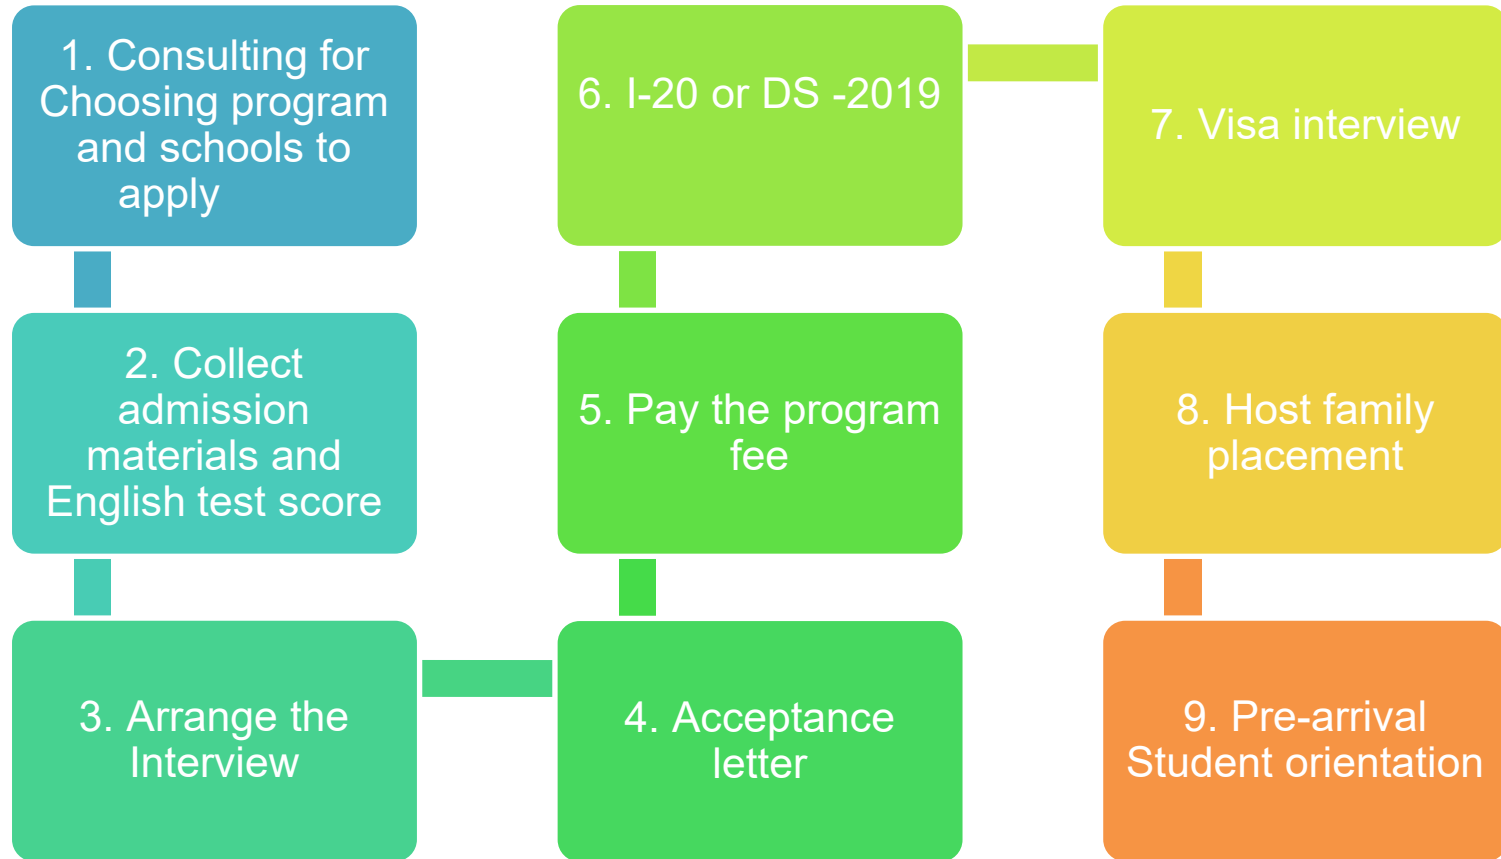

Programs

- Student-focused programs
- Practice creating your own social life
- Improve students' academic outcomes

Programs

Various Activities

Programs

College Admissions Program

High school seniors have many questions regarding the college application process. Students may feel confused as to which colleges they should apply to, when to apply, and how to apply. It is even more pronounced for International Students who have no prior knowledge or resources to assist them. For this reason, AnB Education offers services for students who are in need of help completing and submitting their college applications.

Programs

COLLEGE TOURS

The college information sessions and the campus tours will give students a better idea of what the college is like and if they may be happy there. During the visit, students are able to tour classes, interact with students, and even use campus amenities. Through college tours, students can put themselves in the shoes of a college student :

New York University (NYU)

University of Pennsylvania

Harvard University

MIT University

George Washington University

Program Essentials

Arrange Host Family

- 1) We find valuable host families across the United States.
- 2) Host families are screened through host family application documentation, personal interviews at the host family house, criminal background checks, and reference checks.
- 3) AnB will inform our rules and regulations to the screened host family.
- 4) Student and host family will be matched accordingly
- 5) We arrange airport pick up of students by host families upon arrival.

Program Essentials

Student Support

AnB Education

Monthly Report

Date: Feb/20/2019

Student's name: Pei, Boyang	School name: The Academy of Holy Angels
Local coordinator's name: Stutzman *, Jessica	Host family name: Fox, Lauri

Answers from Host family

Student's academic Habits	
1) On average, how long does the student study per day?	2-4 hours
2) How many day(s) was the student absent? What are the reasons?	0days / N/A
3) How many day(s) was the student late? What are the reasons?	0days / N/A

Monthly Reports

- Our Local Coordinators contact the host family and student every month to assess compatibility and to respond to comments, concerns or questions. The student will meet their local coordinator periodically in person, so they can make a close relationship to get good advice.
- Monthly reports are forwarded to overseas agencies every month.

Individual / Group Meeting

- Meet with the students in person once a month
- Two-semester activities

Support

- Students can contact Local Coordinators

Program Essentials

Student & Host Family Orientation

- Every student who participates in the AnB program needs to do a pre-orientation before departure from home countries
- Local Coordinators will conduct host family orientation before the student arrives in US to communicate the purpose of AnB program, cultural differences and our expectations.
- Once student arrives in US, our Local Coordinators will conduct student orientation to review cultural differences, our organization's policies, and how to adjust to living with each other in a new environment.

NOTE FROM FAMILY :

Hello, we are the Hills, Josh & Emily, Nash, Noah, and Sasha. We are so excited that you are coming to America for the school year! Our family attend a private, Christian school. All three of our children are in high school. Our twin boys are very involved in school sports. Our boys also like to compete in fitness (youth body building) contests. Noah competes in duatlions and triatlons. Sasha likes to sew and quilt. Even though you will be attending our public high school, we will attend your school sports activities to support you! We are very involved in our church's boy scout and girl scout programs. You are welcome to join us for scouts on Wednesday evenings at our church! We work on woodworking projects, cooking, and weekend camp outs with the troop. We go to church youth group every Sunday evening. The high school youth group is fun & supportive. Most of the kids attend public schools in Missouri. Any extra time we have, we are at Lifetime Fitness (our family gym), working out! We take Mandarin Chinese lessons every Saturday. If you speak Mandarin, hopefully you can understand our Chinese! We can't wait to meet you!

Interview with a J-1 Student

Kim, from Korea (Thompson High School)

What made you decide to apply for the J-1 exchange program?

"I love learning new languages and cultures. A few years ago, I won a Japanese speaking contest. At that time, my school teacher suggested that I go to an English speaking country and experience Western culture and bigger world. And at that time, my mom heard about AnB's J-1 exchange program, and it sounded really fascinating to me."

How was your school life in America?

"My school life in America was like a dream. At first, I was not good at English enough to communicate without any problem, so adjusting to a new life was a little hard. However, I became more and more close to friends by doing various activities together, which naturally led me to improve my English. Especially for one year, I have had various experiences and made happy memories with my friends through lots of events such as Alzheimer's fundraiser, nursing home performance, Halloween party, Christmas chorus concert, volunteer work for disabled students, Birmingham Orchestra, and Martin Luther King Parade."

Interview with a J-1 Student

How was your life with your host family?

"My host family was the best. They treated me like a real family member with love. My host mom often asked me what kind of new friends I made at school, and she genuinely cared about me. I had the flu once, and my host mom took such good care of me that I was happy while I was sick."

What is your future career and plan?

"Based on the valuable experiences I learned through this exchange program, I want to dream big and see the world a little further. I want to go to Japan for college. And I will be able to introduce American culture and its wonderful character. Through this experience, I believe that I will be able to adapt to the new environment easily and happily."

Interview with a J-1 Student

Lee, from Korea (Harlan High School)

What made you decide to apply for the J-1 exchange program?

“Last year, I went abroad with my family and saw how people enjoy their leisure time and cultural life. Their lifestyle of leisurely living with family, friends, or alone has become attractive to me, and it made me want to know more about this culture. Then my dad heard about AnB Education's public exchange program, and it sounded very interesting. Of course, I knew I had to be independent in order to successfully complete the program, but I was more excited to experience a new culture.”

How was your school life in America?

“At first, I was really busy. Even if I wanted to speak quickly, I couldn't express it in detail in English and it was hard to understand if my friends said something too quickly. I tried hard to hang out with my friends. Thankfully, I met a lot of good friends, and they patiently followed my pace and helped me in many ways. We became best friends for sure.”

Interview with a J-1 Student

How was your life with your host family?

"My host family and I did a lot of things together. Cooking, baking, movies, puzzles, shopping, and churches. All these events opened the door for me to experience American culture directly, and we had great memories together. I especially liked conversations with my host mom every evening while cooking together. Also, during Halloween and Thanksgiving holidays, I invited my friends, and host family invited relatives to our home and we played games together. It was an unforgettable memory."

What is your future career and plan?

"Through this experience, I thought it would be good for me to go to school in America. The culture and lifestyle of the American people fit me well, and I think I can expand my dream here. My dream is to become a pharmacist, so I am currently looking into which university to go to and how to prepare to become a pharmacist in the near future."

F-1 Student Testimonial

"...Indeed, AnB is a genuine family which offers me education and an infinite amount of care. With AnB, I am no longer alone, no longer incompetent, and no longer lost in this distant country..."

Ben Ju (Kangwondo, Korea) - AnB Education Graduate (NYU)

"...Personally, AnB is just like a big family to me. Whenever I feel lonely or strange being with Americans, or uncomfortable in the environment, I just contact my local coordinator, Tammy, or I go to their office because I am sure they are there and they will help me..."

Xuedi Wang (Beijing, China) -AnB Education Graduate (UCLA)
