QUEEN ESTHER: LIVE ON STAGE

@Sight & Sound Theatres

By Jiwoo Son

The Conwell-Egan dorm students watched the musical, *QUEEN ESTHER*, at Sight & Sound Theatre, which is located in Lancaster, PA. Sight & Sound Theatre is a state-of-the-art theater featuring a massive, panoramic stage that wraps around the audience on three sides.

QUEEN ESTHER is based on the story of Esther in the Bible. The 2-hour long show illustrated how Hadassah, an ordinary Hebrew woman, became Queen Esther of Persia and thwarted the genocide of her people. Throughout the musical, they learned the power of courage that God gives to people, which was the theme of the show. The dorm students enjoyed the show which had magnificent music and splendid actors that surrounded them on the large and elaborate stage. It was a great time for the dorm students to experience a large musical with a biblical theme and culture.

Spirit Night 2021

By Rian Lee

Conwell-Egan dorm students participated in Spirit Night 2021, which is one of the most well-known and long-running traditions at CEC. Starting from January, students practiced and rehearsed for months, just for these three, special nights that showcase their school spirit and creativity. The dorm students participated in three dances: Titanic, Scooby-Doo, and The Pirates of the Caribbean. From fully choreographed dances to custom-made costumes and 50-foot murals depicting a "HOLLYWOOD" theme, Spirit Night was one of the most anticipated and well-attended student-run events of the year.

COLLEGE TOUR: JOHNS HOPKINS UNIV.

By **Hyowoo Nam**

Conwell-Egan dorm students visited Johns Hopkins University, which is a private research university located in Baltimore, Maryland. The school was founded in 1876, and named after its first benefactor Johns Hopkins. Some of the most popular majors include Public Health, Neuroscience and Neurobiology, and Cellular Biology.

The students walked through the campus and spent some time taking pictures. Everyone loved the red-brick buildings and tree-lined pathways, which made the campus look like a park. They also had the chance to see the iconic clock tower and observe how the students enjoy their free time on campus. It was a great opportunity for the students that gave them a taste of what it's like to be a student at Johns Hopkins University.

SPORTS & CLUBS

By Jaehyun Park

#Track

Some of the dorm students joined the school track team. In April, they had several meets where they competed with other high schools and represented CEC with pride. The dorm students participated in long-distance running at the tournament and enjoyed their opportunity to show off the skills they practiced.

#Peace of Mind

In every meeting of the Peace of Mind Club, the students journal, discuss, or color to relax their minds for the day. The dorm students who are members of this club enjoy spreading positivity around the school and participate in various activities that help keep themselves refreshed and motivated.
