College Tour

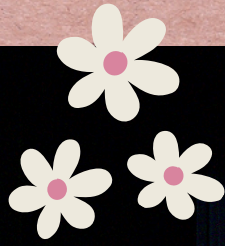

In the late days of March, as the spring flowers started to bloom, the dorm students had the opportunity to stay two nights in the capital of the United States, Washington, D.C. We also had a special guest who will be joining us at CEC next year!

We arrived at the hotel around the evening, had dinner, and rested after traveling, which was really fun! The next morning, we left for the mecca of Journalism and Social Sciences, named after the first president of the United States, George Washington University. The campus was beautiful and centered in the city, and we also got the chance to take a picture with the famous Aleksandr Pushkin statue!

That same day, we also had much free time to explore the beautiful scenery, including visiting the president's White House. We also made the most of it by going to the GWU bookstore and getting coffee at the nearby aesthetic cafes.

Dirty Rotten Scoundrels

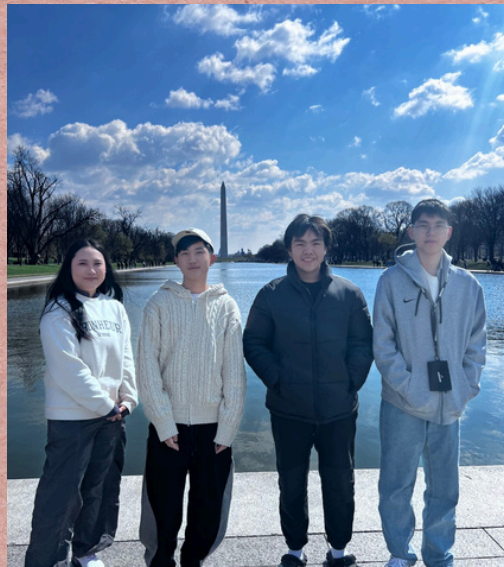

Great big show!! Our Dirty Rotten Scoundrels ended successfully. Our cast and crew worked hard, and they made it. The performance took place April 12-14. The musical numbers, acting, and dancing were all perfect. They made it look like we were really in the 80's. I loved the musical numbers; my favorite was 'Great Big Stuff.' That song is still stuck in my head! I like the songs and cast performance in that number. A shout-out to one of the editors in our newsletter, Bomin, who participated in this musical ensemble and crushed it!

Of course, the crew backstage did well, too. The crew made all these sets from scratch while working backstage and in tech. I am on the stage crew, and we have dealt with many unexpected situations. There were challenging tasks, too, but we figured it out and did our great big show! I am so proud of our crews and casts, too. I am so sad it was the last show for seniors, but we always welcome you guys! Their last show was perfect.
