

CONWELL-EGAN RESIDENCE HALL

# JANURARY NEWS LETTER

# WELCOME NEW STUDENTS!

Welcome to Conwell Egan Catholic High school! The dorm has new students. Let's welcome our new students into our family! They are both from South Korea. They completed their two weeks of self-quarantine. We, the students and faculties strongly believe that they will do well in the new school with new friends.

## GAME NIGHT

On Friday night, the dorm students had a game night. The students played 'Never have I Ever', 'Speak with your Body', matching words with emoticons, and other card games. It was especially fun to express and match words with their body language. The students are able to relieve their stress and create positive energy. They were able to engage with each other by building friendship through games and conversations.

# LOCAL ACTIVITIES

The students visited Philadelphia for local activities this month. The city of Brotherly Love, Philadelphia, is the largest city in Pennsylvania and the sixth most populous U.S. city. It is well-known for its top sights, including the Independence National Historical Park. This historical park symbolizes the freedom of Americans with the Liberty Bell, and the massive government building of Philadelphia City Hall.

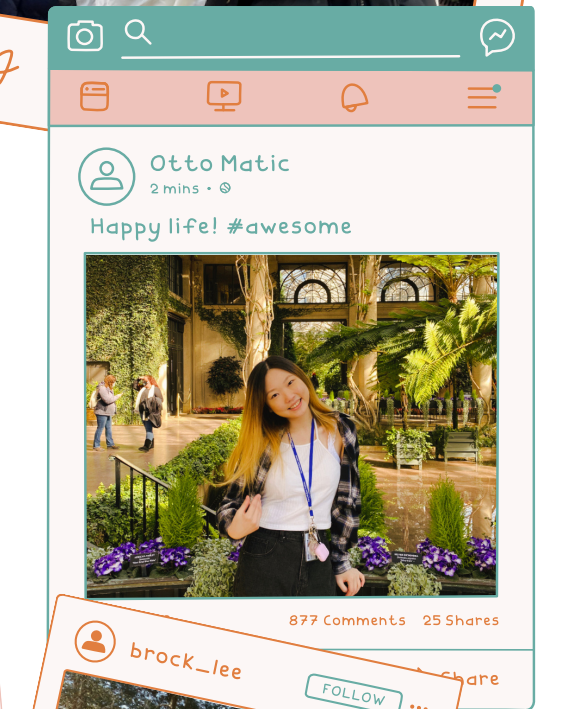

Students went for a walk along the lake and then passed through the Chinatown Friendship Arch. They entered the Chinatown Streets packed with a number of various restaurants, bakeries, and other shops. All the restaurants are very popular for their authentic food, which originates from countries such as China, Thailand, Vietnam, and Korea. This was an amazing and delightful time as the students enjoyed the most delicious bubble tea and freshly baked bread and pastries.

# PHOTOS OF THIS MONTH

# LONGWOOD GARDENS

On January 30th, our students visited Longwood Gardens, a famous botanical garden located about an hour and half away from the dormitory. It was founded by Pierre du Pont in 1906 and boasts 11,000 varieties of plants. The garden consists of over 1,077 acres of gardens, woodlands, and meadows. It is open to visitors year-round to provide the indoor and outdoor display.

▲ Flowers displayed in the indoor garden

▲ Pictures of the Longwood garden

Our students wandered around in both the indoor and the outdoor gardens. While walking around in the outdoor garden, they were delighted how nature was presented during the winter season. They passed by lakes, trees, animals, and a large field. In the indoor setting, they saw a variety of plants and flowers from all over the world. By having time to look around the horticultural exhibition, our students were able to observe the vivid and colorful plants.

▲ The dorm students took a walk and enjoyed the winter nature.
