City & College Tour in Boston

CEC dorm students are able to visit colleges and take a city tour once a month. On October 24th, they visited the **city of Boston**.

They crossed the **Harvard Bridge** across the Charles River. The streets and roads around the city of Boston looked peaceful and amazing. They were attracted to the beautiful scenery of the city.

Students were able to explore the campuses at **Harvard University** and **MIT**.

They browsed around the campuses, while learning school histories.

"I felt comfortable in the city and was absolutely fascinated. Boston made me proud of its understated charm and eased knowing that no activity here will invoke the stress in me it does in other places."

WHY Mentor Program?

The Mentorship program will teach students ways of communicating and connecting with fellow American students, teachers, administrators, and staff members in the local school community.

Mentorship sessions are held from 6pm to 7:30pm with Ms. Donna Marie Gallagher (a certified ESL Program Specialist).

WHY SAT Vocab?

SAT Reading & Writing sections require a deep understanding of the literary passage. If the student chooses to write the optional essay on the SAT test, it is significant for the student to use a wider range of vocabulary.

The SAT vocab exams are optionally taken at 7:45pm on every Mondays.

WHY Homework Zone ?

Students go to Homework zone Monday through Thursday after school from 2:30pm to 5pm in the Center for Student Leadership. They can get academic help on their homework during that time.
