Local Activity:

The Museum of Modern Art

By Kyungjoon Lee

The dorm students visited The Museum of Modern Art, also known as MoMA, for this month's local activity. MoMA plays a major role in developing and collecting modern art and is often identified as one of the largest and most influential museums of modern art in the world. The students saw lots of famous masterpieces at the museum, including *Starry Night* by Vincent van Gogh and *The Persistence of Memory* by Salvador Dali. This trip to the renowned art museum was a great opportunity for everyone, especially for those who are interested in art, to enjoy the best artworks.

College Tour: New York University & Columbia University

By Hyowoo Nam

The dorm students visited Columbia university and New York University this month. The students first visited Columbia University, a private Ivy League research university in Upper Manhattan, New York City. Renowned majors at Columbia university include social sciences, engineering, and biomedical science. Because there are a lot of students in the dorm who pursue a career in the field of biology and medicine, it was a great chance for them to look around the campus of their dream school.

The students then visited New York University's primary campus, which is located in the lively Greenwich Village neighborhood of Manhattan. For those interested in drama or film, the renowned NYU Tisch School of the Arts is the place to go. Students who want to major in film were absolutely fascinated by the huge campus and buildings. Visiting the school and looking around every building was a great activity for the students, especially for those who want to go college in New York.

Happy Lunar New Year!

By Myoungjun Ko

Lunar New Year is a celebration of the arrival of spring and the beginning of a new year on the lunar calendar. Traditionally celebrated in most East Asian countries, the Lunar New Year is a time for family reunions and hope. At CEC Residence Hall, we invited the members of the CEC Student Government and the Multicultural Club to celebrate the 2022 Lunar New Year together. The students did "Yut Nori", which is a Korean traditional board game, and enjoyed authentic Korean food including Bulgogi, Kimbap, and Japchae. Everyone had so much fun during this massive culture exchange and made great memories with their friends.

Bowling

By Jiwoo Kim

Among the various sports and activities CEC offer, bowling is one of the most popular sports. Three of the dorm students participated in bowling this year. The students worked hard as a team and finished ranking top two of the Archdiocese of Philadelphia Schools. Both the coach and the students did their best to pull the team to the best results. Although bowling is a tough sport that requires the ability to focus and maintain balance, the students enjoyed every moment of this season. Everyone is ready to move onto the next season!
