Georgetown

Gaon Lee went to Georgetown for spring break. When she was on the way to Georgetown she saw the cherry blossom festival. It was so beautiful and there were a lot of people there to see Cherry Blossoms. She went to Georgetown University. Georgetown university is the one of the best university in Washington DC. The campus was archaic and beautiful. many students take a rest, eat lunch, or study in the lawn. After going to Georgetown university, She visited the most famous cupcake house in Georgetown, Georgetown Cupcake. There were a lot of flavors and she chose Cherry Blossom and Chocolate Carmel Easter Bunny. In Cherry Blossom, there was cherry in the cupcake and the Chocolate Carmel Eastern Bunny was not too much sweet so it was perfect taste. She was walking around the town and the houses were beautiful. There were a lot of pastel tone houses and it makes her in the book. She went to the famous cookie shop, Levain bakery. When she ate the cookie after she bought it was like a soft cookie and when she ate the next day it was like a scone. It was so delicious! It was a wonderful day for her and the day was perfect for coming out and walking around Georgetown.

Spirit Night 2024

March is the month of Spirit Night! Spirit Night is the dance showcase which is held by CEC every year. Lots of students come together and practice original dances following the guidance of their dance captains. As the theme of this year was “Broadway”, they dressed down with outstanding costumes and showed amazing dances.

Since 1987, from the beginning of Spirit Night, students compete in teams divided in “Blue” and “White” teams, which are representing CEC’s colors. Every year, the two teams make their competition so intense that announcing Spirit Night’s winner team is often difficult to judges. However, both two teams encourage each other and never forget their friendship. As White team won in this year, students in Blue team applaud White team.
