the sun in midsummer. "***

College Tour

By Hyowoo Nam

The Conwell-Egan dorm students visited 3 universities on their trip. The first college was Temple University. It is a public research university and the popular majors include Business Marketing. The second university we visited was Drexel University. It is a private research university and has a prominent co-op program. The last university was University of Pennsylvania, which is the well-renowned academic college. It is one of the private Ivy League schools.

.....

The students walked through the campuses and enjoyed a tour of Temple University's campus because there were many food trucks and nice buildings. We were also able to enter the school library, and the design was very modern. We also had a chance to explore downtown Philly after the tour of University of Pennsylvania. We enjoyed good food and had fun taking pictures.

SIX FLAGS GREAT ADVENTURE

By Jiwoo Son

The Conwell-Egan dorm students visited Six Flags Great Adventure, an amusement park located in Jackson Township, NJ. Six Flags is famous for the variety of rides in the park and the fun experience they provide. The park also features Kingda Ka, which is known as one of the most thrilling roller coasters in the world for its height and speed.

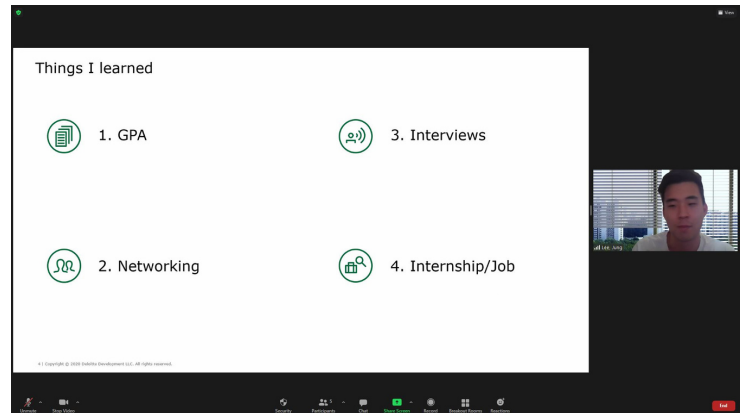

Throughout the day, the students had a great time enjoying all that Six Flags had to offer. They went on rides and spent time together at the park and the students could get closer to each other. It was a fun activity for the dorm students, where they could enjoy themselves outside of school.

Guest Speakers

The dorm invited a pharmacist, Moon Kim, and business consultant, Jung Lee to give some insight into their fields. The students were able to learn more about the pharmaceutical field as well as the importance of networking while in college to make connections for the future. The guest speakers also mentioned that even within these fields there are different paths to take depending on what you think you would enjoy.

Why should I be a pharmacist?

- One of the most trusted healthcare professionals
- Many rewarding career opportunities which impact the quality of healthcare patients receive
- Numerous career tracks
- Excellent salary

What I do...

- Works for company called PPD which has contract with Merck to provide Drug Information and collect Adverse events and Product Quality complaints (defects)
- Call center environment
- Blood clot with Covid-19 vaccine

The students walked away with further insight about pharmacy and the world of business. They also gained a better understanding of what it takes to be a consultant or a pharmacist.

LET'S GET VACCINATED!

GETTING VACCINATED

From April, students in the United States became able to get vaccinated at nearby COVID-19 vaccination sites.

The dorm students went to get their shots in May so that they can protect themselves and the people around them from the virus. They got vaccinated at Neshaminy mall, which is 15 minutes away from the dorm.

After getting their 2nd shot, every student got a free Rita's coupon. The sweet, cool treat was good enough to make the students forget about the pain in their arms!

HOW WAS YOUR VACCINATION?

Siwon Lee I was fine right after I got vaccinated, but after three hours I started to feel some pain. I took Tylenol and got some rest, which made me feel better. For me, the side effects of the 2nd dose was more painful than those of the 1st dose.

Rian Lee I was nervous about getting vaccinated because of the side effects, but I don't regret it. After getting my shot, however, my whole arm was really sore so that I could not lift anything heavy. I took Tylenol in order to get rid of the pain.

2021 Spring Concert

The 2021 Spring Concert was held at Conwell-egan Catholic High School on May 22nd. It was an in person concert, and there was a zoom link provided for people who want to stay at home. The dorm students who are either in choir and band participated in the concert.

Throughout the two-hour concert, the students played five songs and sang eleven songs. This concert was special to the seniors that were graduating, so the students were given time to introduce every senior during the concert. Through the school's Performing Arts program, students are able to creatively express themselves.
