College Tour: Lehigh University

Kyungjoon Lee

The dorm students visited Lehigh University and the University of Pennsylvania this month. Half of the students visited Lehigh University, a private research university in Bethlehem, Pennsylvania. Renowned majors at Lehigh University are finance, computer science, mechanical engineering, accounting, and marketing. There are three combined-degree programs at Lehigh University: Computer Science and Business (CSB), Integrated Business and Engineering (IBE), and Integrated Degree Engineering/Arts (IDEAS). The students then visited King of Prussia mall, the third largest mall in America. They enjoyed late fall shopping and had dinner at the food court.

College Tour:

University of Pennsylvania

Jiwoo Kim

The University of Pennsylvania is one of the world's most influential research and teaching institutions. It is an Ivy League school, so admission is highly selective. The school is located in Philadelphia, Pennsylvania, and is 40 minutes from the dorm. The students walked through the campus and learned about the school's details.

UPenn has been ranked as the best school in the nation for undergraduate business programs. To be more precise, UPenn was ranked #1 for its business management, finance, and real estate program offerings and second for its business marketing programs.

After the school tour, the students had free time in the city. Everyone enjoyed the weather, atmosphere, and food in Philadelphia.

Homecoming 2022

Siwon Lee

The third week of September 2022 was Homecoming week at CEC.

Homecoming is an annual tradition in the United States, celebrated to welcome back former community members.

Students had themed dress-down days throughout the week and enjoyed the pep rally and homecoming football game on Friday.

On Saturday, September 24, the homecoming dance took place at CEC, marking the end of homecoming week.

Following this year's dance theme, "disco," the cafeteria was decorated with disco balls and colorful lights.

The students had fun dancing the night away with their friends. It was a groovy night for everyone!
